

Gain a Competitive Advantage with HABP

Employee benefits are a simple, yet powerful and effective way to reward and attract talent. But the cost can be prohibitive.

That's where HEALTH Alliance Benefit Plan can help. HABP was created by FUEllowa to provide the best healthcare benefits at great rates.

By forming a large group, HABP's volume offers better plans with great partners, like Wellmark Blue Cross Blue Shield of Iowa, at lower costs than FUEllowa members may obtain on their own in the open market.

When you join HABP, you benefit from:

- **Cost stability and containment.** HABP has regularly outperformed the industry and provided stability for its members – a significant competitive advantage for participating members.
- **Richer plans and bigger network.** HABP offers nine distinct Wellmark Blue Cross and Blue Shield of Iowa plans allowing employers and employees to customize their health coverage to their needs. Further, HABP is not age-rated, and there are no additional premium charges per dependent.
- **Dental coverage.** Dental coverage provides employees with the opportunity to maintain good oral health, which is key to maintaining overall good health.
- **Employer support.** Partnering with HABP is like having an expert on staff with essential industry knowledge on compliance, administration, customer service support, as well as consolidated billing and easy enrollment so your team can focus on growing your business.
